

# SHAHID WAZID SIDDIQUE

ASPIRING WEB DEVELOPER

## SUMMARY

- Self-independent, reliable and friendly individual who works hard to achieve his goals.
- Adaptable quickly, and organized well. Interested in learning the latest web & software technologies quickly.
- Able to work well in teams as well as individually. My future goal is to become a senior full-stack developer.

## PROJECTS

### School Management System

May 2022 - Jul 2022

- Developed in PHP Laravel Framework & MySql Database.
- Two Module Admin and Student Module.
- Student can take Online Admission & have own login portal.
- The Admin can manage the student data, teacher's data and also the information about the school and non teaching stuff.

### Crypto Tracker App

Oct 2022

- Developed in React Js & Rapid Api.
- User can get most updated data about their favourite crypto currency like BTC, ETH etc and also the crypto related news.
- Data gathered from Coingecko Api

### Basic E-commerce

Dec 2022

- Developed in Angular 14 & JSON Server.
- The Seller can add, delete, and update products.
- User can see the product details, add to card and can place an order.
- Authentication system for both the user and seller.
